Al,

This is to let you know what I'm doing on my end. If you meet and speak to Pam Manney don't let her get away with playing stupid. She knows everyone and everything that is going on. She has looked the other way since 2001.

Gerard

Dear Pam,

I'm addressing this to Pam Manney because she knows me and everyone mentioned in this letter. I'm guessing that most of you know Prosecutor Kerry Steckowych. Pam looked the other way when I made the allegations of grand theft larceny and racketeering. Pam looked the other way when I informed her that Dr. Hieber dropped dead immediately after he joined me in exposing this racketeering enterprise. Now I challenge Pam to keep looking the other way with these recordings of a "personal messenger" for Prosecutor Kerry Steckowych describing how they poisoned Dr. Hieber and how they plan on killing me by shooting me dead, dismembering me and feeding me to the fish or poison me. All of this for exercising my 1st Amendment rights. If any of you stand for anything, standing up for my 1st Amendment rights would be a start.

Pam. How long and how hard are you willing to keep looking the other way??

Recording attached titled

"Worry about somebody shooting you"
