THE MISS STATEMENT OF THE CASE

On page 2 of the States Reply, the State MISREPRESENTS AND OMITTS the facts of the case and ignores the direct connection between this NH Supreme Court case and organized crime.

On October 7, 2009 this Defendant testified at a public hearing of the NH Executive Council. At that hearing I disclosed to the Executive Council a letter I received from an anonymous source, just after

my appeal was accepted by this NH Supreme Court. That letter contained a photograph printed from the internet. It was a photograph of several severed heads spread out on a floor. [\(APPENDIX A\)](#) That gruesome photograph is the modern day equivalent of a horses head in your bed. The message from “these guys” to this Defendant is that I need to stop exercising my legal rights or my relatives and I will suffer the same fate as the poor victims in the photographs. On that date, this photograph was forwarded to the NH Attorney Generals Office by the Chairman of the NH Executive Council, Councilman Raymond Burton. There has been no response from the NH Attorney Generals Office. My informants have told me that they are waiting for organized crime to do their job so that they won’t have to do theirs.

The State originally charged this Defendant with numerous counts of committing the crimes of prohibited interception and disclosure of an oral communication in that “Gerard Beloin did commit the crime of prohibited interception and disclosure of an oral communication in that Gerard Beloin did willfully (purposely) intercept an oral communication made by John Janigan, without his consent, and thereafter did willfully (purposely) disclose the contents of the oral communication to James DeHart, Deputy General Counsel, NH Supreme Court Attorney Discipline Board, knowing or having reason to believe that that information was obtained in violation

Page 2

of RSA Chapter 570-A, by mailing a CD containing the contents of the oral communication to him.”  
[\(APENDIX B – Three original indictments\)](#)

One count was for distributing the recordings of the death threats, conspiracy to commit murder and murder for hire schemes by an admitted member of organized crime and **“personal messenger”** to

Goffstown School Board Chairman Kerry Steckowych

Goffstown Prosecutor Kerry Steckowych

Goffstown Police Captain Kerry Steckowych

Town of Goffstown Victim and Witness Assistant Kerry Steckowych ([APPENDIX C](#))

Attorney Kerry Steckowych and

Admitted member of organized crime Kerry Steckowych.

Since the New Boston School Board is part of the same SAU, this Defendant thought it would be a good idea for them to know how the SAU #19 handled complaints from its residents who dared to exercise their 1<sup>st</sup> Amendment rights by speaking out against members of the Goffstown School Board. The New Boston School Board refused to press charges.

The other count was for distributing the recordings to Hillsborough County Attorney Marguerite Wageling. That one was dropped for reasons unknown to me.

The last and only complaint left is by the **NH Supreme Court Attorney Discipline Office.** That is the only one that was prosecuted. Attorney DeHart was the only person willing to stoop this low and manhandle this tar baby of a case by pushing it all the way to the NH Supreme Court, where he works.

Following is the list of persons and their agencies that have received a copy of the recordings by certified mail that have some type of jurisdiction to sue or prosecute the perpetrators of the crimes admitted to on these recordings. The State knows about all of these.

According to the law, if these recordings are illegal, then distributing them is a felony. Why are they not charging me with DOZENS of felonies? The answer is simple. The recordings are perfectly legal and the internet is watching and listening.

### STATE'S MISS STATEMENT OF THE FACTS

The State has used the perjured testimony of Mr. John Janigan, an admitted member of organized crime, to build its case against this innocent Defendant. [\(APPENDIX D – Transcripts of the 2008-11-13 trial - Pages 32, 33, 34\)](#)

Attached are the transcripts of all of the recordings in question. [\(APPENDIX E – Transcripts of all of the allegedly illegal recordings\)](#) The recordings begin at precisely 10:30am on 12-13-2004 and document the initial contact. I have the digital time stamp on the original recording. Mr. Janigan's testimony, under oath, at the trial, directly contradict his actual statements, recorded and contained on the CD of the recordings. [\(APPENDIX F – CD of the recordings\)](#)

The reasons why these recordings are perfectly legal are because Mr. Janigan called me on my cell phone at precisely 8:26am, 9:34am and 9:39am on 12-13-2004 [\(APPENDIX G – Phone records\)](#) and repeatedly threatened me with death on the orders of Prosecutor Kerry Steckowych. [\(APPENDIX H – Affidavit from Linda Beloin\)](#) Since Prosecutor Steckowych is the Victim and Witness Assistant for the Town of Goffstown, [\(APPENDIX C\)](#) I had no other recourse.

Page 6

Mr. Janigan is committing perjury. That is a felony. The State has built their case on the testimony of a single witness who **knowingly** committed perjury during this Defendants trial. Mr. Janigan should be prosecuted and sentenced to 5 years in prison for his brazenly false statements made under oath and this case should be dismissed with prejudice for a second time. Instead, the State cites Mr. Janigan's perjured testimony as proof of this Defendants guilt.

Mr. Janigan's motivations for perjuring himself are legion because these recordings contain his admission of being a member of organized crime. He brags about his connections to organized crime ("these guys") and how they have infected law enforcement, the prosecution and the courts. Mr. Janigan knows people who "shoot" people. The proof and admission of the following crimes, admitted to on tape by Mr. Janigan, acting as an agent for Prosecutor Kerry Steckowych who is a member of organized crime masquerading as an agent for the State of NH.

MULTIPLE MURDERS. One of them is Dr. Hieber

CONSPIRACY TO COMMIT PERJURY, 22 COUNTS BY PROSECUTORS, LAWYERS AND AT LEAST ONE JUDGE

MALICIOUS PROSECUTION BY THE STATE AND ITS AGENTS TO COVER IT ALL UP

CONCLUSION

For the above-cited reasons, the Appellant respectfully request that his conviction be REVERSED.

I also request that this Court ORDER, Sua Sponte, a special independent prosecutor to investigate the connections between organized crime, law enforcement and the courts that Mr. Janigan and Prosecutor Kerry Steckowyh's other "personal messenger" elucidate so descriptively on [these recordings](#).

STATEMENT REGARDING ORAL ARGUMENT

The Appellant respectfully requests 2 hrs of oral argument to be able to fully explain the proven connections between organized crime and agents for the State of NH contained in these recordings.

Respectfully submitted,
